

ASSEMBLY BILL

No. 2560

Introduced by Assembly Member Brownley

February 19, 2010

An act to amend Section 17074.26 of the Education Code, relating to school facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 2560, as introduced, Brownley. School facilities: construction: modernization.

Existing law, the Leroy F. Greene School Facilities Act of 1998, requires the State Allocation Board to allocate to applicant school districts, prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding, and supplemental funding for site development and acquisition. Existing law requires the board to adopt regulations to adjust the per-pupil amounts for modernization projects for school buildings that are 50 years old or older based on the higher costs associated with modernizing older buildings.

This bill would correct an erroneous cross-reference in the provision requiring the board to adopt regulations adjusting the grant amounts for older buildings.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 17074.26 of the Education Code is
2 amended to read:

1 17074.26. The board shall adopt regulations to adjust the
2 per-pupil amounts set forth in Section ~~17074.14~~ *17074.10* for
3 modernization projects for school buildings that are 50 years old
4 or older based upon the higher costs associated with modernizing
5 older buildings.
